Welcome!!

The team at American Animal Hospital would like you to *Paws a Moment* to reflect on the joy and happiness your furry friends bring into your life. We enjoy assisting you in keeping your pets healthy and helping them to live a strong life. To learn more about the staff at AAH, please check out our website at www.ameranimal.com

Open House Benefit For Shelters

Our 3rd annual open house will be held June 11th from 10 am to 2 pm. We invite you and your pets to come tour our hospital and see what is behind the scenes. "Tail"-gating with burgers & hotdogs will help raise funds for our local animal shelters. We will also have a free ice cream social & face painting for the kids. The Blue Ribbon Pet Show puts you on the stage with your pet so we can learn more about your furry friend. Enter our raffle to win a Dyson vacuum cleaner courtesy of Novartis. Come see what other excitement we have for you. Monetary donations will be accepted along with much needed pet supplies for our area shelters. If you can't be with us for our Open House, advance donations can be dropped off before the event at our clinic as well as at other sponsors. Please call us or check our website for locations. We can't wait to see you for some tail-wagging fun!!

Traveling With Your Pet

As our nice weather approaches, so does the Wisconsin travel season.

AAH would like to give you some tips on traveling with your pet. Remember heat is an enemy to our fuzzy friends. Do not leave your animal in the car unattended in warm weather. Interior auto temperatures can sky rocket in minutes and heat exhaustion can set in. If it's too hot for you, it's too hot for them.

As "Buster" jumps into the back of the car, think about how you will *fasten his seat belt*. Left to roam free in the car, what would happen if an accident occurred? "Buster" would likely be frightened and worse yet, escape during all the chaos. How would you find him again? We recommend animals be in a carrier or crate for their own safety when traveling.

Is your pet microchipped? If he would get away from you while vacationing and was found, microchipping would help reunite you with your family member. Ask us for more details.

"Our perfect companions never have fewer than four feet" - Colette
